## Summary

---

Full Stack Web Developer with a passion for problem solving through application development. A graduate of the University of Central Florida coding bootcamp with a proven ability to create user-friendly applications. Adept at leveraging problem-solving and leadership skills to increase growth and development priorities to increase growth and development priorities to ensure technical feasibility to streamline efficiency.

## Technical Skills

---

HTML5, CSS3, JavaScript, JSON, JQuery, node.js, MySQL, Git, GitHub, ReactJs, Bootstrap, MongoDB, Express, Handlebars-JS, Firebase, REST API, MVC

## Applications Built

---

**Pet Pals** | [github.com/babco1kr/Project-2](https://github.com/babco1kr/Project-2) | [fierce-waters-88951.herokuapp.com/](https://fierce-waters-88951.herokuapp.com/) **Project Manager**

*A pet sitting application that allows user to sign up to sit other users pets and have their pets sat*

- Created 95% of the backend functionality of the website, including a dynamically updating notification system
- Used multitudes of MySQL database queries using sequelize to update the data in real time to the page

**Coaster Tracker** | [github.com/babco1kr/handlebars-game](https://github.com/babco1kr/handlebars-game) | [calm-harbor-69866.herokuapp.com](https://calm-harbor-69866.herokuapp.com) **Project Lead**

*This application keeps track of users roller coasters they have ridden and ones they would like to ride*

- Uses a Real Time Database to store and keep track of users roller coasters
- Node Express and handlebars extensions used for server navigation and dynamic HTML development

**Random Date** | [github.com/babco1kr/Date-Night/](https://github.com/babco1kr/Date-Night/) | [babco1kr.github.io/Date-Night/](https://babco1kr.github.io/Date-Night/) **Project Manager**

*Application takes in user location and returns random movie and dinner suggestion from two different APIs*

- Uses APIs to generate suggestions about dates based on user input for location
- Developed over 90% of the functionality of this project and managed the overall goals for the project
- Won first place in shark-tank funding competition

## Work Experience

---

**Relief Coordinator**, The Walt Disney Company, Orlando, FL - August 2017 - March 2019

- Created a line of communication between management and cast to update and maintain safety guidelines.
- Handled day to day activities to make sure the department opened on time or early.
- Managed and updated cast members on operating procedures and updates to the monorail system.
- Cut and added labor during low and high staffing seasons.

**Rides Supervisor**, Cedar Faire, Sandusky, OH, April 2012 - October 2016

- Recorded best attendance records in the park with created incentive programs
- Handled hectic downtime situations dealing with scared and worried guests
- Achieved ridership goals set by management each year

## Education

---

**Coding Bootcamp Certificate**, University of Central Florida Orlando, FL  
**Associates of the Arts**, Bowling Green State University, Bowling Green, OH
